## CIVIL RIGHTS COMPROMISE IS DISCUSSED

**BULLETIN**  
Washington, (P)—House Speaker Rayburn of Texas called today for House acceptance of the Senate civil rights bill. He said, however, that he would be agreeable "if necessary" to a compromise narrowing the controversial jury trial provision. At the same time, House Republican Leader Martin of Massachusetts again demanded defeat of the Senate jury trial bill. Martin made public a letter from Deputy Atty. Gen. William P. Rogers asserting it would cut in on the authority of all federal courts. Backstage House moves, meantime, were directed at a compromise solution which would limit jury trials only to criminal contempt cases involving voting rights. Rayburn's stated willingness to accept that solution strengthened its prospects.

Washington, (P)—House Speaker Rayburn said today he favors House approval of the Senate-passed civil right bill including the jury trial provision.

If necessary, Rayburn said at his morning news conference, he would be willing to modify the jury trial provision to limit it to voting cases only.

The fate of the bill in the House rests largely with the Republicans, he added.

In order for the House to consider the bill, Rayburn pointed out, the Rules Committee must give its approval and Republicans "will (Turn to Page Seven)

## Spectacular Fire Causes \$400,000 in Norristown Today

Norristown, (P)—A spectacular fire, punctuated by a series of explosions, burned through a five-acre industrial district and did an estimated \$400,000 damage here early today.

The fire started in a paint company, Krylon, Inc., and spread to the Solar Steel Co. in the same building at Ford and Washington streets.

It began at 10:25 last night, marked by an explosion heard four miles away. Paint cans were hurled for as far away as three blocks by the series of blasts.

Norristown police reported the fire had been extinguished this morning, after it burned out of control for several hours.

A large section of East Norristown was rocked by the blast and dense clouds of smoke rolled from the structure. The first firemen to reach the scene along the banks of the Schuylkill River, about 20 miles from downtown Philadelphia, described it as an inferno. They were driven back repeatedly as they fed on drums of paint and lacquer. The drums went off with a succession of muffled explosions within the building which housed the paint company. The building itself was demolished.

Thousands of spectators crowded police lines at the scene.

## British Columnist Says Men of U. S. Pinned Down by Women

London, (P)—A British newsman came up today with the ap- palling finding that "American manhood has got American womanhood firmly pinned down by its ears."

Edward N. Connor, columnist of the Daily Mirror, said he reached that painful conclusion after close observation of the "ridiculous" during a re- cent tour of the United States and men talking with American wom- anists in London.

All this talk about the "domi- ant male" just ceases to be true when you sail past the Statue of Liberty," reported Connor.

The average American woman is an inch in height every 10 years and now is a half head tall- than she was 50 years ago. In the year 2,000 the average female will be topping 6 feet 8 inches in her nylons and looking like any Romeo from Dal-

## Louisiana Coast Braces for The Year's Second Tropical Hurricane 160 Miles at Sea

**BULLETIN**  
New Orleans, (P)—Tropical storm Bertha ballooned into a full-fledged hurricane today and aimed its deadly punch at the west Louisiana-upper Texas coast along a 125-mile front. The Weather Bureau's advisory at 10 a. m. located the hurricane traveling roughly in the same path as its killer predecessor Audrey six weeks ago, about 140 miles southeast of Lake Charles, La. The storm's highest winds were estimated at 75 m.p.h. within about 30 miles of the center with gales flaring out 100 miles from the center. Bertha was expected to continue west and northwest at 10 to 12 m.p.h. for the next 12 hours.

New Orleans, (P)—Tropical storm Bertha moved closer to land early today with squalls and winds buffeting the Louisiana coast now braced for the second hurricane.

The Weather Bureau's bulletin at 7 a. m. placed the storm 160 miles southeast of Lake Charles, La., raked by Hurricane Audrey six weeks ago in a storm that claimed more than 500 lives.

The bulletin said the storm probably would reach hurricane force today. Winds accompanying the storm now are estimated at 65 m.p.h. in squalls extending out 100 miles from the center.

The storm was expected to continue moving between west and northwest 10 to 12 m.p.h., aimed in the general direction of the Louisiana-Texas border. The bulletin said tides were rising along the east and central Louisiana coasts.

Residents of the Cameron Parish area, which took the full force of Hurricane Audrey six weeks ago, evacuated last night and residents of other low coastal areas joined in the flight for higher and safer ground. Off-shore drilling crews began returning to the mainland at the first storm warnings yesterday.

Civil defense units were alerted from New Orleans westward and headquarters here was on an around-the-clock watch on Bertha's movements.

Civil Defense units along the upper Texas Gulf Coast were keeping a close watch on the progress of the storm. Claude Spencer, duty officer at Civil Defense headquarters for Region 5 at Denton, Tex., said no evacuation had been started in Texas, but all precautions were being taken.

He said if the storm maintains its present speed and direction, it would probably move inland near the Houston-Galveston area about 10 o'clock tonight.

He said if the storm maintains its present speed and direction, it would probably move inland near the Houston-Galveston area about 10 o'clock tonight.

Humid weather was expected to blanket the country from the Plains states eastward to the Atlantic Seaboard today. Scattered showers and thunderstorms were looked for in most of the Plains states, the upper Mississippi Valley, the Great Lakes, the Gulf Coast and parts of New England.

Skies were to be generally clear from the Rocky Mountains to the Pacific Coast.

## McKean County Man and Son Die in Auto Crash

Smethport, (P)—A 46-year-old McKean County man and his 11-year-old son were killed last night in an auto crash five miles south of Smethport. A 4-year-old son was injured.

State police said the auto swerved out of control and overturned in a field, about 25 feet from Route 46. A passing motorist discovered the mishap.

Fatally injured were Albert A. Green, a Crosby utility laborer, and his son, Roger. Young Randy Green was admitted to Port Allegheny Community Hospital.

## BOOSTERS SOCIAL IS GREAT SUCCESS

While definite figures are not available until all reports are in, Warren School Music Boosters' officials report a great many tickets were sold at the door last night to augment the 1,200 sold by students in advance of the ice cream social. The benefit was deemed a great success from all angles, including the concert provided by Director Summers and his young bandsmen.

## Heroic Pilot Says He Was Not Calling Shots Landing Plane

**By JIM BECKER and CHARLES TURNER**  
Honolulu, (P)—"I wasn't calling the shots—the good Lord was."

That's Maj. Samuel Tyson's explanation of how he kept his huge C-97 air transport aloft 8½ hours on two engines yesterday for 1,000 miles over the Pacific with 67 people aboard.

Tyson, a 37-year-old veteran of World War II, the Korean War and the Berlin airlift who comes from Council Bluffs, Iowa, piloted the plane into Hilo, Hawaii, at 11:25 a. m. yesterday. Two of its engines had quit just beyond the point of no return from Travis Air Force Base, Calif., to Hickam AFB, Oahu.

"It never occurred to me that we would ditch," said Tyson.

"I'm a coward. I can't swim very far. The water's cold."

More seriously he said, "I'd determined to take things as they came. After the first shock of realizing we were in danger, and after the adrenalin shot into me, I thought clearer and acted better. I had confidence in myself."

"After all, I wasn't calling the shots—the good Lord was."

MATS headquarters recommended the DFC within minutes after Tyson landed.

Tyson landed his nine crewmen and 57 passengers safely at Hilo after a last-minute ordeal when the landing gear didn't lower. Two flight engineers worked the big wheel down by an emergency hand crank. The wheel housing had jammed because the No. 2 engine had been damaged when the No. 1 propeller flew off.

## Some Thunderstorms Reported in Prospect

**By The Associated Press**  
Extended weather for Saturday, Aug. 10, through Wednesday Aug. 14.

Western Pennsylvania, western New York and West Virginia: Temperature will probably average 2 degrees below normal north and 2 degrees above normal in south, about normal Saturday and over south Sunday, cooler Monday with below normal temperature Tuesday and Wednesday, scattered showers and thunderstorms over the weekend will probably be more numerous in Pennsylvania northward, amounts ¼ inch or less.

# KINZUA DAM BILL IS FACING FURTHER ACTION AFTER APPROVAL IN SENATE

## Americans at Youth Festival To Visit China

**By STERLING SLAPPEY**  
Moscow, (P)—About 40 American delegates to the Communist-sponsored World Youth Festival today accepted an invitation to visit Red China, and at least one appeared to be on the verge of defecting to the Soviet Union.

There is a State Department ban on travel to Communist China.

The man reported to be planning defection was described by a dependable source to be a veteran of World War II in his early 30s. He may already have taken the initial steps. His name was not immediately divulged.

The American has not been seen in the U. S. delegation's hotel for more than two days. Several of his friends said he was in an infirmity with grippe and no one could see him.

Two other American delegates told other Americans they were thinking of staying here for "study" when the festival ends Sunday.

Fifteen Americans, including eight members of the group's administrative committee, will make the three-week trip as non-paying guests of the Peiping government.

The others will be asked to pay a token of \$100 each for transportation to and from China and for all expenses of their tour.

They are expected to leave shortly after the windup of the Moscow festival, scheduled for this weekend.

The approximately 150 delegates debated the Chinese offer all night. Frequent questions were asked about the possibilities of State Department action against any who violate provisions on which their passports were issued by entering Red China.

The American Embassy here had no immediate comment on the expedition.

## New Co. Commissioner Named by Venango Judge

Franklin — Judge Lee A. McCracken has appointed Lewis A. Judson of 328 Liberty street, Franklin, to fill the unexpired term of the late John C. Brecht as Venango County commissioner. Mr. Brecht, who served as the Democratic representative on the board since 1939, died on July 26. His successor will fill the term which runs until January, 1960.

Mr. Judson has been a lifelong Democrat.

He took part in two elections as a candidate, once for state assemblyman in the 1956 primaries, losing to Grant McElhatten of Oil City, and once for school director.

Mr. Judson is a partner in Judson's Dairy, Franklin. He is a member of the Elks, Eagles and Moose lodges and the IOOF, and attends St. John's Episcopal church.

## Accused Soy Enters Plea Of Innocent in Brooklyn

New York, (P)—With all the calmness of a man resigned to fate, accused master Russian spy Rudolph Ivanovich Abel was arraigned in U. S. District Court in Brooklyn today on charges which could bring his execution. A plea of innocent was entered for him by the court.

Abel, looking somewhat haggard and disheveled in dress, was held without bail when arraigned before U. S. Dist. Judge Matthew T. Abruzzo.

The judge inquired whether Abel had obtained a lawyer and Abel said he had not.

Asked how long it would take him to get one, Abel replied: "I really don't know."

Abel said he would like to be given time to secure an attorney before further proceedings and the judge complied. The judge then set a hearing in the case for Aug. 13.

## Visit From Dollar Days Mystery Man

Richard G. Darr and Junior Darr of 126 Elm street became two lucky Dollar Day shoppers in Warren today when they stumbled into the Mystery Man in Times Publishing Company office. Mystery Man, with back to camera, presented the Darrs with a "big buck" which is redeemable for \$1 worth of merchandise at any of 42 Warren enterprises participating in the semi-annual bargain days. The sales on any and all types of merchandise continue through Saturday afternoon. Notice covetous look on woman passerby as Mystery Man hands Mr. Darr his big bill. Timesphoto by Saylor.

## G. O. P. Chairman Charges Governor Guilty of "Smear"

Harrisburg, (P)—Gov. Leader went "far afield to smear the Republican Party" in accusations of fake cinder deliveries to the state, Republican Chairman George I. Bloom said yesterday.

Bloom noted that three former county highway superintendents accused by Leader were Democrats.

The governor at a special news conference Tuesday said the state had been defrauded of \$45,000 in fake cinder deliveries in Chester, York and Lancaster counties.

He named Frank S. Jamieson, former Chester superintendent; John Cramer, former York superintendent and county Democratic chairman; and Philip J. Price, former Lancaster chairman. Price was arrested yesterday on charges of conspiracy and false pretense. He posted \$1,000 bond for appearance before a Dauphin County grand jury.

Leader said the three worked with Victor Patrikonis Prep of Frackville, a cinder contractor, to defraud the state. The governor referred to Prep as a Republican in his news conference statement.

Bloom said that to identify Prep as a Republican was "an unwarranted and despicable smear against the Republican Party" because Prep was neither an elected official nor an active Republican.

"The important thing to the taxpayers in this statewide cinder scandal," Bloom continued, "is that appointees of Gov. Leader, including his own hand-picked Democratic chairman of York County were allegedly helping themselves to public funds while they held positions of trust and responsibility in the State Dept. of highways."

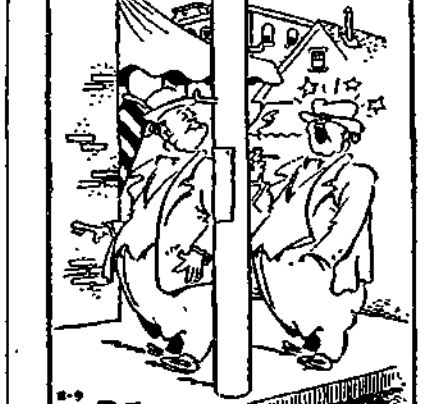

## Two Sentenced to Prison For Spying for Soviets

New York, (P)—Jacob Albam, 64, a former Brooklyn tea and spice dealer, and Mrs. Myra Soble, 52, were sentenced to 51 years in prison each today for spying for the Soviet Union.

Her husband, Jack, 54, a third member of the espionage ring, was to be sentenced later. He was not in court.

All three had pleaded guilty.

## Britain's Queen and Prince Philip Plan To Attend Grid Game in Maryland October 19

Washington, (P)—Britain's Queen Elizabeth II and Prince Philip will take in an American football game on their visit to the United States Oct. 18-21. They will see the Maryland-North Carolina game at College Park, Md., Oct. 19.

The visit to the Maryland campus was a surprise addition to the list of formal engagements for the royal couple, announced today by White House press secretary James C. Hagerty and G. D'Arcy Edmondson, director general of British Information Services in the United States.

Otherwise the schedule includes the usual state events and previously announced visits to Williamsburg and Jamestown, Va.

Maryland Gov. Theodore R. McKeldin will be host to the royal couple at the football game.

Hagerty said the Queen had expressed a wish to see an American sports event. Asked if somebody would be on hand to explain American football—which differs greatly from the version played in England—Hagerty said he was sure this would be arranged.

"I would think the governor is a pretty good man to do that," he added.

The Queen and Prince Philip will come to the United States from Ottawa in a Royal Canadian Air Force plane, arriving at Patrick Henry Airport, Va., at 2 p. m., Oct. 18. They will be met by Wiley T. Buchanan Jr., State Department chief of protocol, and Gov. Thomas B. Stanley of Virginia.

That afternoon they will visit (Turn to Page Seven)

## Congress Receives Foreign Aid Bill For \$3,366,000,000

**By ERNEST B. VACCARO**  
Washington, (P)—Congress was presented today with a \$3,366,000,000 foreign aid program embodying a first step toward a long-range program of economic help abroad.

President Eisenhower has urged such a program.

Senate and House conferees agreed last night on a compromise foreign aid bill, slashed \$498,410,000 below the \$3,864,410,000 Eisenhower asked for military, economic and technical assistance abroad. In doing so, the conferees just about split the 500½ million difference between Senate and House totals.

The totals may be cut even deeper in a later appropriations bill to finance the spending for which the foreign aid bill sets ceilings. But the compromise measure represents a partial congressional acceptance of the long-range concept.

House conferees agreed to two-year authority for Eisenhower's proposed fund for making loans to underdeveloped countries for long-range economic development. The original House bill had limited the proposed fund to one year.

**STATE STORE SALES**  
Harrisburg, (P)—Liquor sales in Pennsylvania's 628 state stores increased 4½ per cent in the seven months ended Aug. 1 over the same period of 1956, the State Liquor Control Board reported yesterday. The board said \$126,349,545 in sales were made compared to \$120,849,328 in the 1956 period.

## MEASURE IS RETURNED TO CONFERENCE

Washington, (P)—A million-dollar appropriation for start of construction of the Kinzua Dam near Warren, Pa., had Senate approval today, but the measure is slated for further action in the legislative mill.

The Senate yesterday passed a \$84-million-dollar public works measure containing the Kinzua appropriation. But because the total was higher than that approved by the House, the bill was returned to the Senate-House conference committee.

New York's Republican senators, Irving Ives and Jacob Javits, who had fought the Allegheny River proposal, voted for the measure after being assured by Pennsylvania legislators that the Seneca Indian nation would not suffer financially.

The Senecas claim a large portion of their reservation in lower New York state would be flooded. Ives, in debate on the measure, said Congress has a "moral responsibility" toward the Senecas. He said 300 Indian families would be displaced and most of their flat farm lands would be impounded.

Sen. Joseph S. Clark (D-Pa.) said that regardless of the appropriation, nothing could be done toward starting construction until an agreement is reached with the Indians "either amicably or through the courts."

Ellender said a settlement would provide the Senecas with more money than their crops would.

Other projects in the overall bill included:

Navigation: Pennsylvania-Delaware River Anchorage, \$24,447,000.

Construction: New Jersey-Delaware River, Philadelphia to Trenton, 40-foot channel, 11 million dollars; Pennsylvania-Allentown, \$350,000; Bear Creek Reservoir, \$2,200,000; Bradford, \$500,000; Dam 8, Monongahela River, 1 million; Dyberry Reservoir, 1½ million; Prompton Reservoir, 1 million; Stillwater Reservoir, 2 million.

## Senator Challenges Statement Made by U. S. Steel Head

Washington, (P)—Challenging the view of a top steel industry executive, Sen. Kefauver (D-Tenn.) contended today the effect of the recent steel price increase is "substantially inflationary."

Kefauver said the Senate Antitrust subcommittee, which he heads, will seek to develop evidence of this in questioning Roger M. Blough, board chairman of the U. S. Steel Corp. U. S. Steel is the nation's biggest steel producer.

Blough, testifying yesterday at the start of the subcommittee's in-

## New Kensington Woman Held As Stowaway on French Liner

New York, (P)—A 52-year-old New Kensington, Pa., woman who once crashed the House of Representatives to make "a little speech" is being held as a stowaway aboard a French ocean liner bound for Europe.

Mrs. Grace Jackson Clark, an unemployed stenographer, was found aboard the Ile de France Wednesday, a few hours after the ship left New York.

The ship's captain yesterday radioed French Line officials in New York of his discovery. He said Mrs. Clark will be taken to Le Havre, France for a hearing and returned to New York on the ship's next trip.

Mrs. Clark is estranged from her husband and lives with her parents. Her mother said Mrs. Clark left home Sunday without saying where she was going. The mother said her daughter sometimes talked of going to Europe because she was unable to find work in this country.

In January, 1955, Mrs. Clark casually walked onto the floor of the House of Representatives in Washington and asked Speaker Sam Rayburn for time to make a speech.

Denied her request and ushered from the chamber, Mrs. Clark told newsmen she merely wanted the House to ask the public "to stop long enough to consider what good citizenship is."

French Line officials said Mrs. Clark would be charged \$402 roundtrip passage.

# Report on Company I's First Activities at Indiantown Gap

Special correspondence from Company I, 112th Infantry, at Indiantown Gap:

Company I arrived at the IGMR Saturday at 3 o'clock to start their annual 2 weeks field training. Saturday afternoon and evening was spent preparing the Company for its first day of training Monday. Barracks were spotless by evening, the mess hall was in operation within two hours after arrival. The orderly room was busy with the pounding of typewriters within one hour after arrival. 1st Sgt. Schumann and 1st Sgts. Feiro and Schwanke instructed the men in the proper methods of making beds and arranging lockers. Sunday morning the majority of the men from Company I attended church services while the remainder of the day was spent in preparation for Monday's training. The mess hall as in past years has received high praise from all the men in the company.

Monday morning all officers and enlisted men arose early at 5:00 a. m. to start the first day of training. At 7:00 a. m. the men left the company area on a half hour tactical road march to the training area. The days training included field fortifications with Sgt. Schwanke giving the instruction, land mine warfare with Sfc. Barrett as instructor. During this phase of training the men performed actual probing of dummy mines which were buried in the training area prior to the class. The 103rd Engineers gave the Company a demonstration of the new mine detecting device.

During the instruction Brig. General Kemp, assistant division commander paid the Company a visit and was very pleased with the training in progress. After the dinner meal Sgt. Feiro got the men into action with anti-infiltration and guerilla warfare class. All the men participated in this phase of training by setting up an actual supply point with the men split into teams attempting to surprise the enemy by using dummy hand grenades. The last class of the day was given by Sgt. Hunter where the men practiced squad attack formations.

All the new men in the company, as in past years, are spending their time in recruit training which is similar to basic training.

The day of working was not over for half of the Company as these men went on guard duty at 6:00 o'clock until 6:00 this morning. The officers of Company I were also kept busy Monday night as Lt. Huhn was regimental officer of the day and Lt. Mahan was officer of the Guard. Company I is looking forward to having all the families and friends down this weekend for the Governor's Day Review Saturday and a pleasant weekend at the Gap.

# World War I Vets To Elect Officers Saturday Evening

At a meeting of World War I veterans held Tuesday night in the Library Room, 2nd floor of the VFW building, a local barracks was organized with enough members for a charter. The charter will be held open for another meeting Saturday night at the same place at 7:30 p. m. Officers will be elected and installed.

If a sufficient number of the wives, widows, mothers and sisters of those veterans wish to organize a lady's auxiliary, Mrs. Harriet Schweitzer, wife of George H. Schweitzer who is the State President of Florida will assist them to organize.

Mr. and Mrs. Schweitzer are on their way to attend the fifth National convention at Minneapolis, Minnesota, early in September. They are both past officers of Lakeland, Florida.

The national organization, only six years old now has approximately 150,000 members in the United States.

Mr. Schweitzer was one of the 20 men, in Cleveland, who started the first barracks, Pioneer Barracks, No. 1. Now there are almost 1100 barracks in the United States.

# END OF "MISSING LINK"

That 6,400 feet of dirt road from the blacktop on Miller Hill to the hard road running south from Lander will be no more as of next Wednesday. The so-called "Missing Link" on county road 61026 is being hard topped by a new cement base process by Warren County Highway Department under direction of Superintendent Chester Walker. Above one of the rotary speed mixers blends nine percent cement with 6 1/2 inches of gravel and clay fill. Afterward, this will be rolled and an inch of blacktop added to make an excellent road surface. The road is 16 feet wide and four cement bags are emptied across at 5-foot intervals. This is blended with a mixer, sealed with oil to allow the cement to harden and finally an inch of blacktop chips are pressed on. The project also calls for route 61026 repairs north to New York State line. Overall cost of the cheap process for 2.45 miles will be about \$45,000, compared to costs of nearly \$1,000,000 a mile for ordinary concrete roads. Above Superintendent Walker points to the high speed rotary mixing unit for the cement and gravel, while in front men attach a feeder line to a tank which supplies water to the cement mixture.

# James Marlow Analyses Senate Fight On Civil Rights Bill

By JAMES MARLOW

Associated Press News Analyst

Washington (AP) — The Senate fight on civil rights has been long on wind and short on facts.

For four weeks the senators split legal hairs and congratulated one another on their high-level handling of the civil rights bill.

On some of the biggest issues the senators — on both sides — were badly informed.

For example: On the number of Negroes registered to vote in the South they had no official information; on the number of Negroes serving on federal juries in the South they had no information until the last moment.

And on one basic bit of information the Justice Department — which was pushing the bill for the Eisenhower administration — fell flat on its face.

Last February the Senate Judiciary Committee asked the department for statistics going back to 1940 on all the civil rights complaints it had received and what happened to them.

The department answered 1. it didn't have sufficient records and 2. it couldn't get together the records it had in time to be included in the print hearings of the committee before which Atty. Gen. Bownell had testified.

Take Negro voting in the South: There were no official records available on the number of would-be Negro voters registered in the South as a whole. The Southern Regional Council, a private organization, had made a Southwide survey of this in 1956.

Sen. Douglas (D-Ill.) put the council's figures in the Congressional Record. Southerners challenged them. The council, with headquarters in Atlanta, is made up of Negroes and Whites to promote racial cooperation.

Sen. Olin D. Johnston (D-Sc), insinuating the council was left-wing, offered as proof that the council's figures couldn't be right this statement: Nobody in South Carolina knows how many Negroes were registered in 1956.

Why? Because until a law was passed this spring, registering would-be voters by race was neither practiced nor required.

On the number of Negroes serving on federal juries in the South:

# Jaycees Launch Promotion for Passion Play

A meeting last night between Warren Jaycees and representatives of Oberammergau Passion Play launched the Jaycee's promotion campaign which will be climaxed by the appearance here of the world famed Passion Play on September 8, 9 and 10 at Beatty Junior High Auditorium.

Passion Play Headquarters has been established in Columbia Theatre lobby and the box office will open August 24, it was announced by Dick Bove, who has been designated General Chairman of the Jaycee Committee.

Oberammergau Passion Play (pronounced: o-ber AM-er-gow) originated in the little Bavarian village by that name over three hundred years ago and has been performed on the same site at regular intervals since that time. The Passion Play originated as

Keeping their noses right to the Oberammergau Passion Play project are: From left, seated, the Rev. Clarence Baldwin, Richard Bove, Jaycee chairman and Richard Cook, Jaycee president. Standing in the background pointing out promotion and publicity details to the local committee is Richard Kenyon, advance man for the world famous religious spectacle. the result of a pledge made by the townspeople during the period that the Bubonic Plague was ravaging Europe. The people vowed that if the curse of the devastating plague

was lifted from their village they would produce the Passion Play in praise of God ever afterward.

Performance in Warren by the Oberammergau group will mark its first appearance in this country and may well be the only opportunity that Warren area residents will ever have to see this inspiring production.

Initial performance will be given at 2:30 p. m. on Sunday, Sept. 8. Two more adult performances will be given on Monday and Tuesday evenings at 8:15 p. m. Two special children's matinees are slated for Monday and Tuesday afternoons. All seats are reserved. Adult tickets will sell for \$3.30 and \$2.20 respectively while all children's seats are 50c.

Anyone desiring further information about the play can call Passion Play Headquarters, telephone 1814 or visit Columbia Theatre lobby.

# June 1957 Employment Level 18,800 Above June of 1956

Pennsylvania's employment for June 1957 was 47,800 higher than during May, raising the statewide employment level to 4,463,800. The greatest factor in this rise was a seasonal increase of 30,600 in farm employment. Self-employed, and unpaid family and domestic workers dropped 2,900. All other non-farm employment rose by 20,100 over the past month with the non-

E. W. TORSO

The Warren congregation of Jehovah's Witnesses is being visited this week by a special traveling representative of the Watchtower Bible and Tract Society of Brooklyn, N. Y., E. W. Torso. The purpose of the visit is to aid the local Witnesses in their Christian activity.

The climax of the week's activity will come Sunday at 3:00 p. m. when Mr. Torso will address the group at the Kingdom Hall, 416 East street on the subject "Are We Masters of Our Own Future?" The speaker will answer such questions as "Does God or Fate determine our own future?" Or can we do something about it?" The meeting is open to the public and all are welcome to attend, said the announcement.

Mr. Torso recently completed a supervisory training program at the Watchtower Bible School of Gilead, N. Y. The speaker has spent 19 years in the ministry as one of Jehovah's Witnesses, during which time he was active in many states.

manufacturing industries contributing the major part of this rise. The June 1957 employment was 18,800 above the level of June 1956.

**Manufacturing Industries**

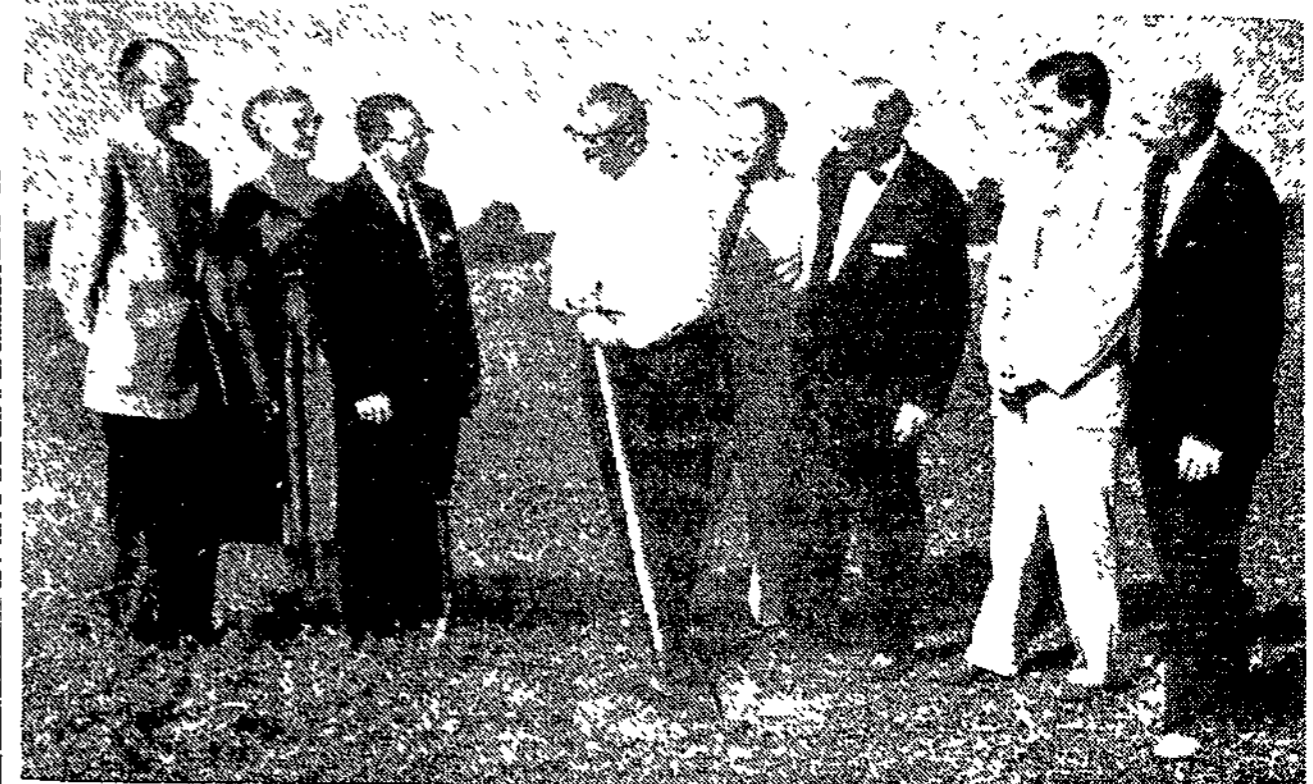

Factory employment rose 4,600 over the previous month's total to a level of 1,513,900. Individual industry groups registered small, mixed changes ranging from a loss of 800 employees in the miscellaneous manufacturing group to a gain of 1,500 in the food products group. The textiles group increased employment by 1,100 and the fabricated metals group increased employment by 800 for the only other significant changes. Compared with June 1956, factory employment was down by 6,600. This was a loss over the year of four-tenths of one percent.

**Nonmanufacturing Industries**

Employment in nonmanufacturing industries rose 15,500 over that of May 1957, bringing the employment level up to 2,312,600. Seasonal rises of 6,100 in contract construction, 5,500 in the retail trades, and 3,300 in service and miscellaneous were augmented by gains of 3,000 in anthracite mining and 1,800 in finance, insurance, and real estate. The principal employment loss occurred in state and local government where the close of the school year sent employment down 5,300 despite a small increase in other than educational employment. The year ago comparison showed an increase of 10,000 employees since June 1956.

**Hours and Earnings**

Average hourly earnings, weekly hours, and weekly earnings for all manufacturing industries were virtually unchanged over the past month. However, a few industries recorded rather sizeable changes. The principal changes in earnings were: oil and coal products, up \$4.15 a week; instruments and related products, down \$3.23 a week; rubber products, down \$2.99 a week. An average increase over the year of seven cents an hour more than offset a fractional decrease in the workweek as weekly earnings increased \$2.50 to \$82.78.

WICU TO BE SEEN BETTER—Mayor A. J. Gaidner of Erie turns the first spadeful of earth as television station WICU of Erie begins construction of a new tower and transmitter which will boost its wattage from the present 30,000 to 316,000 watts video. This will mean better television reception for the tri-state area, says Bob Weschler, promotion manager at right. Others in the picture are: Jack Hart, Mrs. Arley Livingstone and Ben McLaughlin, WICU general manager, and to the left of the mayor, Ken Weiderhold, John S. Bowman of Erie's Commerce Chamber, Michael Csop, WICU's chief engineer and Weschler. Nineteen new Pennsylvania, New York and Ohio counties will be added, along with eight Canadian counties. WICU, owned by Edward Lamb, is affiliated with NBC and ABC. Tower will be completed by Thanksgiving.

# State To Receive \$3,972,976 For Vocational Educational

Harrisburg (AP)—Pennsylvania will receive \$3,972,976 in federal aid for vocational education in the next fiscal year, the State Department of Public Instruction has reported.

The money is to be matched by state and local funds for public school vocational programs in agriculture, homemaking, industrial trades and commerce. Allocations have yet to be made.

The department said school districts would average about \$33 each year for each student. Districts also will receive funds for extension classes, administration, training of unemployed and teacher education.

The department also reported that federal aid for practical nurse training was increased this year from \$101,000 to \$206,000. That program trains practical nurses to assist registered nurses.

The department said courses

now are offered in Pittsburgh, Ambbridge, Johnstown and Philadelphia. The increase will permit expansion of the program to other cities.

## Summer Events Continue At Wesley Woods Camp

Special summer activities at Wesley Woods Methodist Camp near Grand Valley will be continuing through August, according to several scheduled announcements.

Final senior camp of the summer will be held for Youth Fellowship members of the Erie Conference August 17-24, activities centering around the theme "I Serve", the Rev. Lynn A. Shindler, of Epworth Methodist church at New Castle, to be the director.

Two camps for younger MYF members will be the intermediate-age group August 19-26, under the Rev. Jack Ammon of Cochranton Methodist church; juniors, August 25-30, with the Rev. David M. Hasbrouck, of Lakeside Methodist church in DuBois, directing.

Conference, district, and local church laymen will have a two-day retreat August 24-25. Harold E. Burns, Erie Conference lay leader and publisher of the New Wilmington Globe, will be the director; Don L. Calame, secretary of men's work of the General Board of Lay Activities, will be the inspirational speaker. Dr. Arthur Colley, superintendent of the Grove City District and former pastor of Warren's First Methodist church, will be the Sunday morning speaker.

## PHC SUPPER AND OFFICER INSTALLATION

Donald Newcomer, newly-named state manager for Protected Home Circle, was a special guest at last night's very successful dinner-meeting and gave a fine talk on the work of the organization. Later, Gussie Winger served as installing officer for induction of the following new slate:

Past president, Anna Stigelmer; president, Eleanor Gordon; vice president, Sadie Lucie, guile, Mabel Vesling; guardian, Lena Larson; secretary, Bertha King; treasurer, Mabel Walters; accountant, Mrs. Frank Germonto.

A social time was enjoyed for the remainder of the evening and members were reminded their next meeting will be held August 22.

### Woman Lists Reasons Why She Likes Mother-in-Law

DOES your daughter-in-law think you're wonderful? You might try checking yourself against a list of reasons one young wife gives for feeling lucky to have the right kind of mother-in-law:

"She never tells any of her married children what they ought to do. When asked for advice she gives it, but she makes it clear that what she would do under the circumstances isn't necessarily the one and only right answer. So you are free to take the advice or not—with no hard feelings if you don't."

"She doesn't criticize any of her children or her in-laws behind their backs. So her sons-in-law and daughters-in-law as well as her children have the comfortable feeling that she isn't going to discuss their shortcomings with anyone when she leaves their homes."

"She is a friend. If you need her, she comes. If she needs your help, she accepts it with thanks. So her in-laws never feel she is imposing on them or they are imposing on her."

#### SEEMS YOUNG

"SHE has a smile for everyone and never seems to get upset over little things. She doesn't wear a long face or enjoy talking about depressing subjects. That makes her seem young, even to her grandchildren."

"She is very casual about the gifts she gives and never checks up to see why you aren't using them. Some mothers-in-law get hurt if a lamp intended for a living room is used in a bedroom, or if a gift is eventually replaced by something else."

"She doesn't resent what her sons are able to give their wives or act as though it's a crime that her daughters have to work hard."

If you meet those standards, chances are your own daughter-in-law feels just as lucky.

## Brokenstraw Club Plans Participation in Fair

Youngsville—Members of Brokenstraw Garden Club, at their meeting Wednesday evening, spent considerable time in discussion of the group's participation in the 1957 Community Fair and the following committee was appointed: Mrs. Flora McDowell, Mrs. C. C. Johnson and Mrs. Robert Mead.

Theme for the club's booth at this year's Fair will be "Table Decorations for Holidays", individual members competing with miniature arrangements for cash prizes of \$5.50 and 25 cents and anyone not competing fined 25 cents.

The meeting was held at the home of Mrs. Margie Finlan, a picnic dinner on the lawn prefacing the business session. Assisting the hostess were Mrs. Robert Mead and Mrs. Wyllys Johnson.

For the program, Ross Bailey showed pictures of his trip to Arizona and the Grand Canyon. Ed Carlson and his niece, of Lakewood, were guests, extending an invitation to have the next meeting at his home August 28.

#### MAYBURG HOMECOMING

A basket lunch in the picnic grounds at Mayburg will be the feature of Mayburg's Old Home Day August 17, and ice cream will be sold at the refreshment stand. Further details may be had from Mrs. Frank Hendrickson, Youngsville.

CAROL VANDENBURG

Daughter of Mr. and Mrs. Russell Vandenburg, Clarendon, was guest of honor for a farewell dinner party given by her parents recently.

Carol, employed as receptionist at La Vogue Beauty Salon, has been accepted as a student at the Mary Michaels School of Beauty Culture in Meadville, after which she will resume her work at La Vogue as a licensed hairdresser. Friends extend best wishes for a successful school term. (Photo by Kofod).

#### ST. PAUL'S EVENTS

## The Mature Parent

### How Child Learns Difference Between 'Good' and 'Bad'

BY MRS. MURIEL LAWRENCE

(Mrs. Muriel Lawrence is on vacation. In her absence, noted psychiatrist Eric Fromm discusses six frequently asked questions on child-parent relationship. His answers are condensed from his book, "Man For Himself," published by Rinehart and Co.)

Q. How does a child learn the difference between "good" and "bad"?

A. The foundations of our ability to differentiate between good and evil are laid in childhood; first with regard to physiological functions and then with regard to more complex matters of behavior.

The child acquires a sense of distinguishing between good and bad before he learns the difference by reasoning. His value judgments are formed as a result of the friendly or unfriendly reactions of the significant people in his life.

In view of his complete dependence on the care and love of the adult, it is not surprising that an approving or disapproving expression on the mother's face is sufficient to "teach" the child the difference between good and bad.

In school and in society similar factors operate. "Good" is that for which one is praised; "bad," that for which one is frowned upon or punished by social authorities or by the majority of one's fellow men. This intense emotional pressure prevents the child, and later the adult, from asking critically whether "good" in a judgment means good for him or for the authority.

THE alternatives in this respect become obvious if we consider value judgments with reference to things. If I say that one car is "better" than another, it is self-evident that one car is called "better" because it serves me better than another car.

A thing is called good if it is good for the person who uses it. With reference to man, the same criterion of value can be used. The employer considers an employee to be good if he is of advantage to him. The teacher may call a pupil good if he is obedient, does not cause trouble, and is a credit to him.

In much the same way a child may be called good if he is docile and obedient. The "good" child may be frightened, and insecure, wanting only to please his parents by submitting to their will, while the "bad" child may have a will of his own and genuine interests but ones which do not please his parents.

## The Turban Comes Into Its Own

Hats move to the back of the head this fall and take on a soft, draped look. Profile turban (upper left) by Sally Victor is printed wool jersey in an abstract pattern of grays and beiges on a white ground. This same designer does a profile toque (upper center) in amber velvet caught at one side with a large topaz-colored jewel. This hat is completely crushable, can be packed flat in a suitcase. Turban of gleaming ruby-red satin (upper right) has crown elaborately embroidered with

fake ruby jewels. It is by Beatrice Martin. Spanish Isabella cap (lower left) by Emme has high draped crown of sapphire mink jersey and draped bandeau of matching blue velvet. Completely flattering is the hat of white ermine (lower center) by Miss May. This has heret crown mounted on turban drape of white satin. Ruby red wool jersey is draped into turban (lower right) by Hattie Carnegie. It is smooth and high above the brow, dipping low at the sides.

NEW YORK — (NEA) — Hats move to the back this fall. The back of the head, that is.

They are soft hats, draped and manipulated for a very feminine look. Most of them are brimless but when brims appear they are small and close to the head.

It makes fashion sense, then, that the turban, the coil and beret are back in favor. These brand new versions of old favorites are not only soft, they are

BY GAILE DUGAS, NEA Women's Editor

done in lightweight fabrics that curve easily to the head.

More of the hair and particularly the hairline is revealed by the new hats. Even the soft cloche, for suit wear, shows less brim at front and more at the back, frequently in pleats or gathers.

Little caps are twisted to one side of the head and worked in

satin, velvet or velour. Fabrics are all-important to hats this fall and even feather trim, prominent in every top designer's collection, is draped and handled as if it were fabric.

Hat colors are rich and jewel-toned: red, brilliant purples and blues, emerald green, bronze, and pink.

Fur is used either by itself or

as trim for hats of elegance and great flattery. Mink, colored broadtail, ermine, leopard, sable, mole and even fox are used for turbans, caps, berets and cloches.

For evening, hats become miniature. They perch to one side or level on the head in small pill-box or beret form. These get trim of feather or jewels or are cut from fabrics so glowing that they need no trim.

## Sugar Grove Graduates Of 1913 Enjoy Reunion

Sugar Grove—The 1913 Class of Sugar Grove High School had a delightful reunion Saturday in the form of a luncheon at West's at Bemus Point and a pleasant afternoon and evening at the home of Mr. and Mrs. Walter Kelley at Oriental Park. The time was spent socially and in enjoyment of old pictures, with the Kelleys serving supper.

Members held a reunion here seven years ago and all seven were again together for this 44th reunion; Mrs. Hazel Froehus Kelley; Mrs. Freda Abbott Herspool, Akron, O.; Mrs. Bertha Boone Per-

kins, Erie; Mrs. Louise Abbott Hooper, Bradford; Mary Firth, Jamestown; Mrs. Mildred Bailett, Wright, Sugar Grove; Lloyd Swanson, Albany.

Others present for the Saturday get-together were Mr. Herspool, Mr. Kelley, Mr. Hooper, Mr. Perkins and Hugh Bailett, Bemus Point.

## Medical Mirror

• Cancerphobia • Cigarette Smoking • Oriental Flu

Q. Are public cancer education programs helpful or harmful?

A. You be the judge. In 1955 a prominent American physician made a strong plea for less public talk about cancer. The doctor charged that public cancer education causes "cancerphobia" (unreasonable fear of developing cancer). Later the University of Wisconsin made a survey on public cancer education among cancer patients and members of their families. The vast majority (94 per cent) thought that present cancer educational programs had been "just right" or "not enough". When asked, "Do you think that public cancer education helps save lives?" 547 persons answered "yes"—only 9 said "no". From these and other opinions expressed by people who had first hand knowledge of cancer, it seems that the advantages of turning the spotlight on cancer far outweigh the disadvantages.

Q. Some scientists say that smoking can cause lung cancer—others disagree. What's the score?

A. According to the American Cancer Society, cigarette smoking is a causative factor in human lung cancer. The Scientific Advisory Board to the Tobacco Industry Research Committee says that there is not enough evidence to establish a "simple cause and effect" explanation of the complex problems of lung cancer. One group seems to

be trying to convict tobacco; the other to clear it. The question is not one of common law. The accused (tobacco) can not stand as innocent until proved guilty. It must be considered guilty, on present evidence, until proved innocent.

Q. Will shots ward off the new-type flu that is now sweeping some countries?

A. A vaccine to prevent Asian (Oriental) influenza is not available at this time but several U. S. vaccine manufacturers are in a ready-to-go position.

Material in MEDICAL MIRROR is based on various scientific publications and does not necessarily reflect the opinion of all doctors. The diagnosis and treatment of disease requires the skill and knowledge which only a physician can apply by personally examining the patient.

### CHIEF'S CAR DAMAGED

Jamestown Sun: He was rooting for the other team, Police Chief LaVerne Webeck of Falconer told Jamestown Police Officer Jack Wilson, when the chief's car was found with a broken windshield at Baker Park Thursday afternoon. The chief attributed his broken windshield to some one whose rooting sympathies were different from his own, according to the Jamestown officers' investigation. Officer Wilson questioned bystanders at the scene, but found no one who saw the windshield broken. He said team members were not involved in the incident.

### IN HANDS OF STATE

Repairs of Pleasant Township road to remove a hazardous one-way stretch on the bend opposite the airport are now in hands of Pennsylvania Highway Department, according to County Highway Superintendent Chester Walker. A highway official from Harrisburg was in the township earlier this week inspecting the situation, Walker stated. However, Pennsylvania Department of Forests and Waters will have final say on whether a concrete facing is put along the bank, whether pilings are placed in the river, or whether pilings or culvert is placed on the bank to allow fill to be dumped there.

## Walker Named County Registration Chairman

Chetser Walker, state recognized head of Warren County Democratic party, has been designated county registration chairman for the forthcoming election.

Walker was singled out at the northwestern Pennsylvania district meeting in Sharon this week. That conclave, presided over by state Democratic chairman Joe Barr, discussed how registration could be boosted for the general election in November.

County Chairman Walker was introduced and he in turn introduced other members of Warren County's delegation, including Robert Clark and members of that opposing executive committee.

Walker has called a meeting for Tuesday, August 20 at Stoneham Community House to discuss registration drive plans with his committeemen and women. Session begins at 8 p. m.

Clark and his faction will hold their separate registration discussion meeting Tuesday evening, August 13, at Pittsfield.

# Revenue Dep't To Check Licenses of Hospital Inmates

A dispatch from Harrisburg says the State Revenue Department has reported it will start next month checking private mental institutions to determine if any inmates hold automobile driving licenses.

A spokesman said under a new law, which goes into effect on Sept. 1, all private as well as state mental institutions must report admissions to the Bureau of Motor Vehicles.

"When we receive a report from such an institution or physician dealing with a mental case, if the inmate holds an operator's license it is automatically suspended until such a time as the mental patient is reported cured," the spokesman said.

At the same time he said steps will be taken to recall licenses held by some blind persons in Pennsylvania.

"There are many persons who held driver's licenses for years and then became blind but who failed to notify the bureau," he said. "Under normal routine they still receive applications and new licenses each year."

The department said the check on such persons will be made through state records of persons receiving blind pensions.

quiry into the \$6-a-ton price boost that went into effect July 1, pictured the steel industry as a victim, rather than a generator, of inflation.

"Rising prices do not cause inflation," he said. "They are the result of inflation."

Kefauver said the subcommittee has "a great deal of evidence that the price of steel is a substantial item in the cost of living." Blough disputed this.

He said the recent hike in steel prices would add only \$11.58 to the price of a car selling for \$2,600 at the factory, and \$5.20 to the price of a farm tractor selling for \$1,700 at the factory.

# Financing Bonus Bill Discussed by Lt. Gov. Furman

Harrisburg, (P)—Lt. Gov. Roy E. Furman said today that if a Korean War bonus was approved by the voters the Legislature would have a difficult time finding an adequate plan to finance it.

Furman, in an address prepared for the 39th annual convention of the Pennsylvania Department of the American Legion, said "an honest and sincere campaign," would be needed if the bonus referendum were to succeed this November.

The state's voters will be asked in the referendum whether they approve a 150-million-dollar bond issue for the bonus.

John W. Collins, a Connellsville automobile accessory dealer, was slated for election to succeed Department Commander Joseph P. Gavenonis of Mildred.

The convention adopted resolutions yesterday supporting an absentee voting ballot in Pennsylvania and renewing the Legion's endorsement of the state loyalty oath. The voters will be asked in a November referendum whether they approve general absentee voting.

Frank D. Berman of Emporium was elected chef de gare, or chief officer, of the Legion's 40 and 8 honor society. He succeeds Bennett A. Braude of Johnstown.

have to get a rule to take up the bill and concur in the Senate amendments."

There are eight Democrats and four Republicans on the Rules Committee and four of the Democrats are opposed to the bill. That means that at least three of the four Republicans would have to favor the measure to provide a majority for clearance of the bill.

Rayburn said "the people downtown"—referring to Eisenhower administration officials—"put a lot of other things" in the bill besides voting rights.

"If these people are for a right-to-vote bill," he added, "they have an opportunity to get it now."

Rayburn's willingness to restrict the jury trial provision to voting rights cases strengthened indications, already apparent, that a compromise might be upcoming.

Normal procedure would be to seek a House-Senate compromise of differences, but some Democrats have been talking of trying to push through the Senate measure, thus forcing President Eisenhower to sign or veto the bill.

No House action was in prospect before next week.

Part of the Democratic strategy appeared to be to catch House Republicans in an embarrassing political squeeze, with a choice of accepting the best bill they can or holding out for President Eisenhower's program.

# Former Legion Head Is Praised by Leader

Harrisburg (P)—Joseph P. Gavenonis, retiring state commander of the American Legion, may get a job with the state government.

Gov. Leader said yesterday in addressing the Legion's convention he would like to have Gavenonis in the state government because he displayed "such talent in drafting veterans' legislation and his gift for state government."

Gavenonis, of Mildred, Sullivan County, said he was interested and hopes to talk to Leader about it next week.

Gavenonis was a school mathematics supervisor before becoming state legion commander. He received a doctorate in school supervision and administration this summer from the Pennsylvania State University.

# Erie Men Accused of Robbing Gas Station

Erie (P)—Five men were in police custody today accused of trying to burglarize a gas station service station.

They are John Lupu, 28, of Warren, Ohio; Victor Minadeo, John Paradise, 45, Anthony C. Ti, 28, and Raymond Ferritto, 22, all of Erie.

Erie police said an unidentified informer tipped them about a planned burglary last night. Gus & Gene's filling station. Officers said they waited in the station and nabbed the men as they entered.

# ROTARY PROGRAM

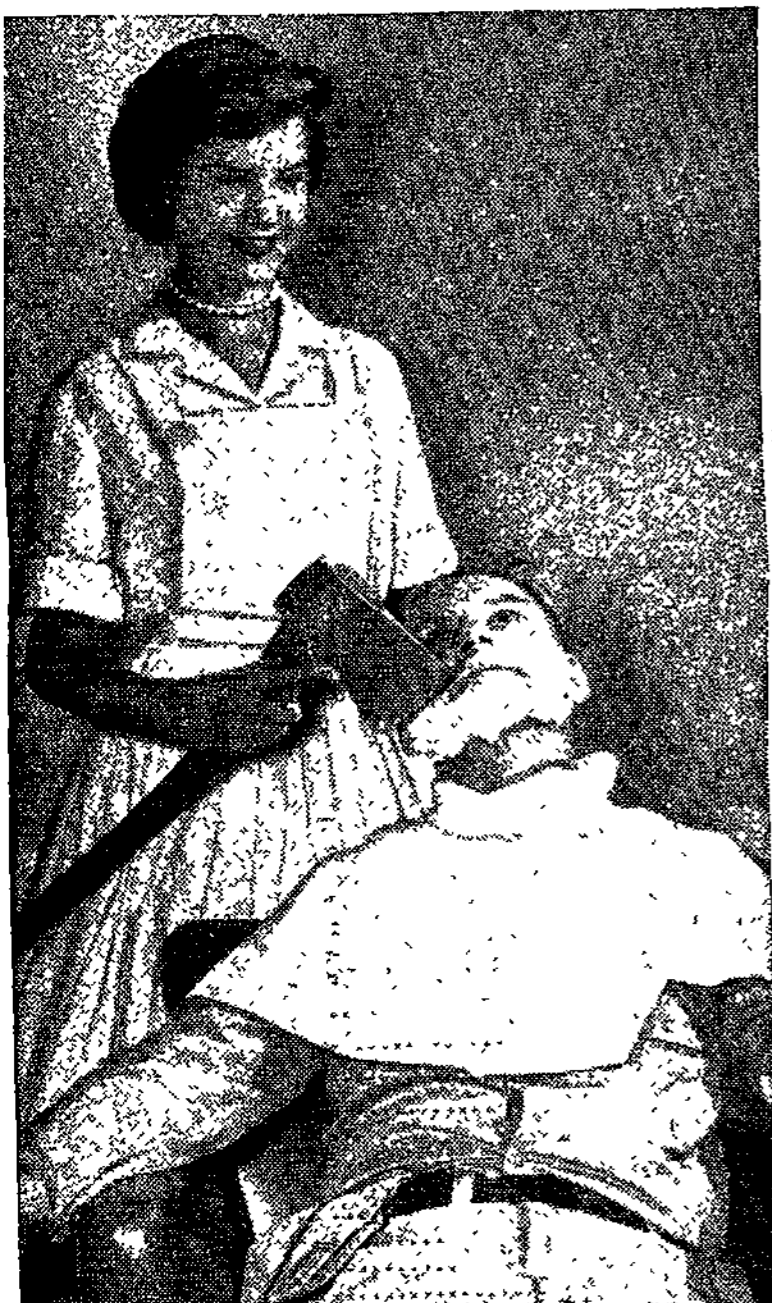

Rotary Club members attended the Monday luncheon meeting 12:10 p. m. at the YWCA activity building, will hear a first-hand account of the recent Boy Scout Jamboree at Valley Forge.

## AROUND THE WORLD

**COOL DRINK FOR A HOT DOG**—While the temperature soared up high—and stayed there—in New York City, one pooch decided to cool himself off in Central Park Lake. He's probably testing the temperature of the water by tasting it before dunking himself.

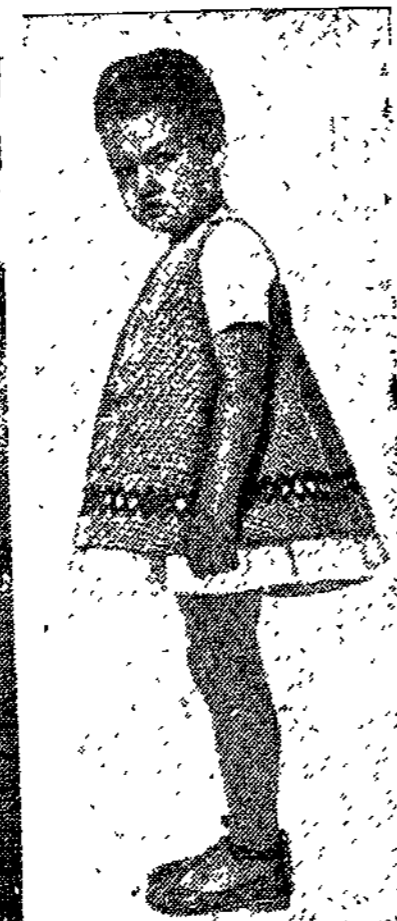

**WHAT NEXT?**—Pretty Darlene Goodwin is all set to give Rudy Pakeiser, of Omaha, Neb., a close shave with his ceremonial ax in New York. Darlene, also from Omaha, and Rudy were attending the annual Woodmen of the World convention at the Hotel Staller, along with delegates from 44 states.

**BUSINESSMAN**—Michael How, 16, is shown in the garden of his home in London with a pet mink, one of 200 owned by the lad. Michael is the youngest mink rancher in England and his stock is valued at approximately 14 thousand dollars. He's really in "big business" now.

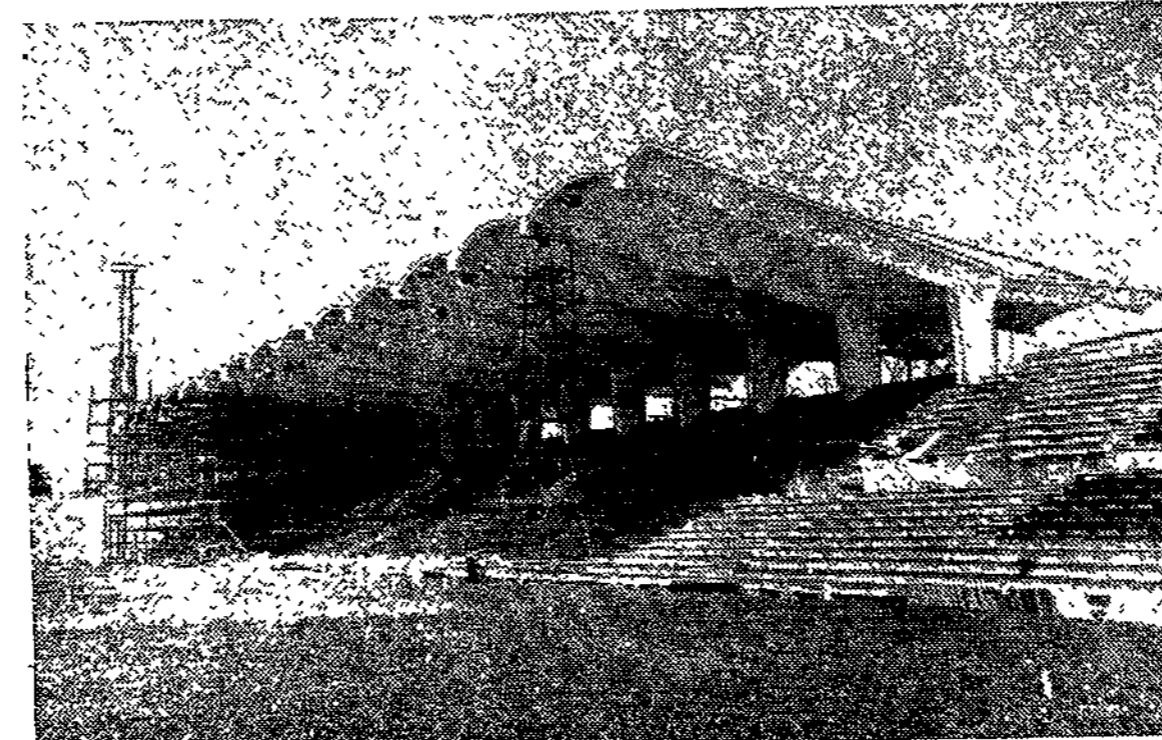

**BEACH PARTY**—During the current hot spell, two very young ladies are shown cooling off as best they can along the shore at Manhattan Beach, Calif. Ilona and Charlene, the little girls silhouetted by the setting sun, are dressed lightly, as befits such heated occasions.

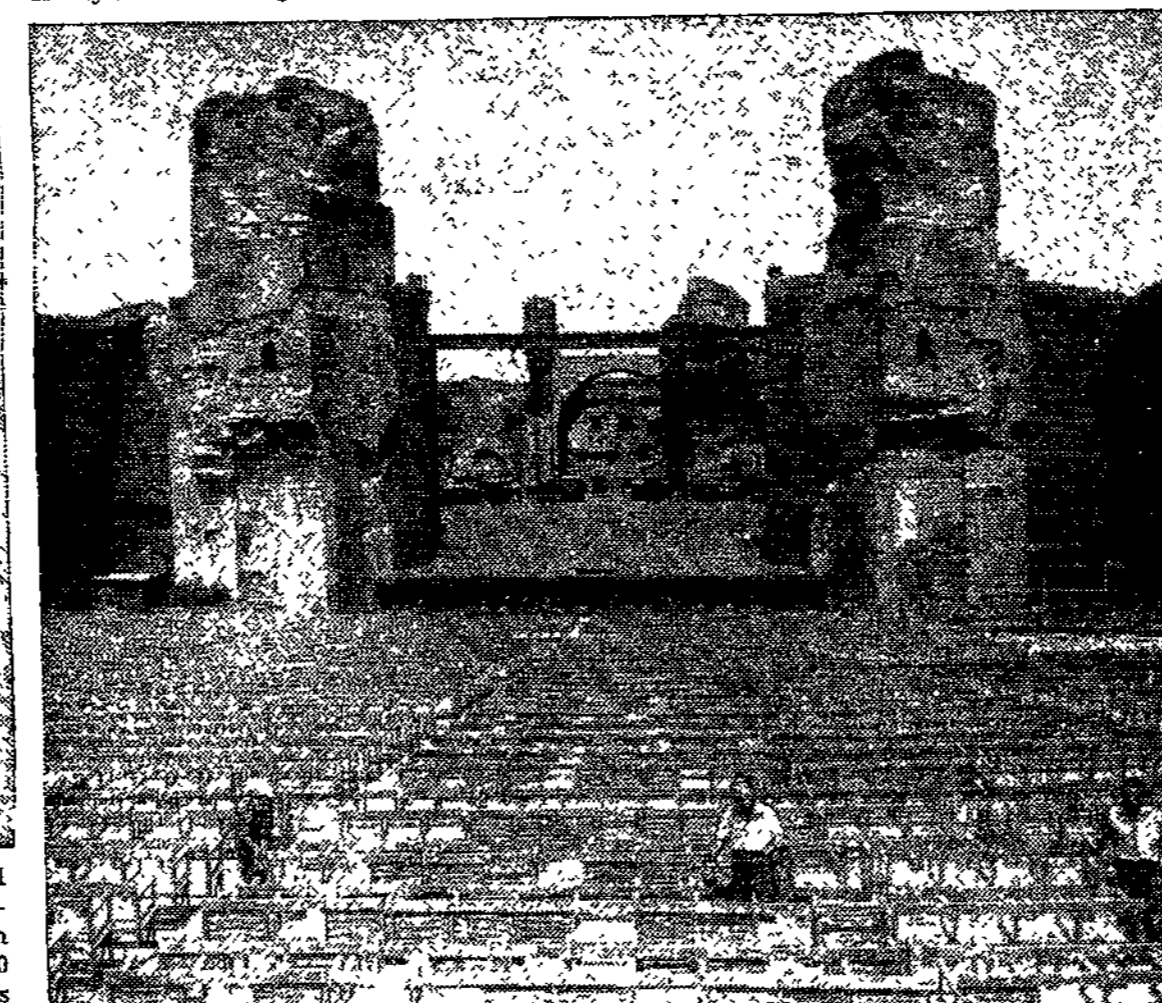

**PYRAMID PINAFORE**—This pinafore follows the pyramid line in a fashion for the kindergarten set. Done in red and white gingham, with red rickrack trim at the hem, it covers a demure white pin-point pique dress and looks mighty cute.

**NECK DEEP IN THEIR WORK**—Skin diving is a sport to lots of people, but it's a business for this group of aircraft engineers and mechanics in Seattle, Wash. The "frogmen" are getting directions from an instructor at left before they descend into a massive tank to inspect the submerged fuselage of a KC-135 jet aerial tanker.

**A SHADY STORY**—The new white sports stadium in Kuala Lumpur, Malaya, will provide some needed protection from the tropical sun when it's finished. Built at a cost of more than two million dollars, it will be ready for the official proclamation of the Federation of Malaya as a sovereign state on August 31.

**FOR MUSIC LOVERS**—The historic ruins of the Baths of Caracalla in Rome are the scene of musical events during summer nights. Workmen are shown using spray guns to spruce up the seats in the setting where operas and concerts are performed with leading singers.

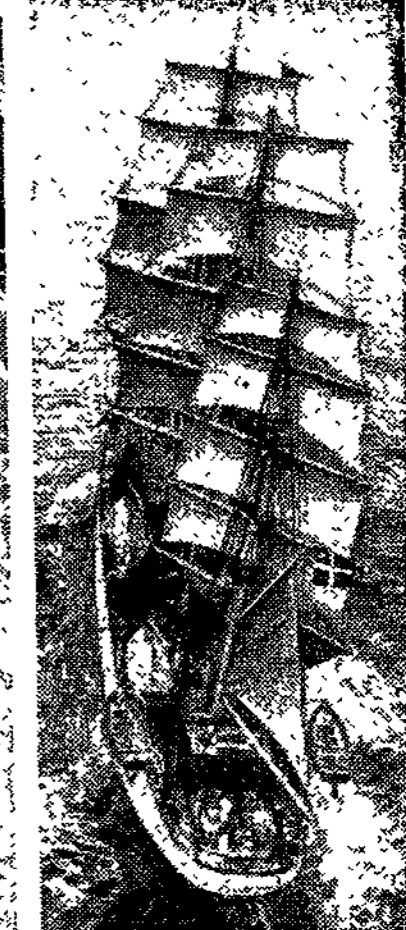

**IT MAKES HORSE SENSE**—Jasper is a bakery wagon horse in Troy, N. Y., and he's accustomed to handouts from customers along his delivery route. When Jasper spied a lad whom he knew to be particularly generous, he couldn't resist straying from the street and mounting the sidewalk to get that "goodie" he knew was coming his way.

**FINE FEATHERED FRIENDS**—Jim, a crow in Franklin, N. C., had a leg broken by a dog who seemed to think Jim was a feather ball to toss around. The crow's leg is now in a cast, top photo. Edward Bryant, 9, is shown feeding the family pet, below, and Jim will probably be more careful about choosing his playmates in the future.

**THE NEW WAY**—Although walking is their specialty, members of the 19th Infantry Regiment in Korea now think that a bicycle is the thing. Sgt. Alvin Emanuel, of the Bronx, N. Y., is shown equipped with pack and bed roll as he pedals his way across the Korean countryside. In this way, the men won't mind taking off on a long junket.

**IN FULL SAIL**—It's the Danish Merchant Navy training ship, Danmark, moving through the waters off the Skaw, or Cape Skagen, at the northern tip of Denmark. The windjammer and her sister ship, Christian Radich, were competing in a sailing race from Skaw to the Oslo Fjord.

## National League Champs Are Favored to Win by 10 Points in All-Star Game At Chicago

By TED SMITS  
Chicago (AP)—Tonight's 24th annual All-Star Football Game pits the slashing running attack of the New York Giants against the untested passing offense of the collegians.

The Giants, National Football League champions, are favored over the All-Stars by 10 points in the season's first big gridiron encounter.

The game will be televised by ABC at 8:30 p. m., EST.

This is an enthusiastic bunch of collegians who have been working out under Coach Curly Lambeau. Never has an All-Star squad boasted such top-flight passers as John Brodie of Stanford, Lennie Dawson of Purdue, Jim Harris of Oklahoma and Paul Hornung of Notre Dame. Since the Giants line is big and tough—and led the NFL defensively last season—it seems only logical for the collegians to pin all their hopes on passing.

The All-Stars also have some excellent pass catchers in Ron Kramer and Tom Maentz of Michigan, Brad Bomba of Indiana and Lamar Lundy of Purdue.

To back up the passing, threat the college team has some fine breakaway runners in Jim Brown of Syracuse, Tommy McDonald of Oklahoma, Jon Arnett of Southern

California and Clarence Peaks of Michigan State.

It is this strong collection of offensive talent that prevents the Giants from being overwhelming favorites. Conceivably, if the All-Stars could score early on a pass or a long run, they might be able to go on and upset the big pro champions.

Even the experts who concede the great potential of the All-Stars, all but one of whom will go on to play professional football this fall, admit time has been too short to weld the individual stars into a smooth running team.

The Giants, on the other hand, have lost only Rosy Grier at tackle out of their great 1956 team that swept to the NFL crown by beating the Chicago Bears 47-7 in the championship game.

## All-Stars To Perform at Memorial Field Starting at Two Tomorrow

There is a runner on first base and the batter lines a sharp single to right field. The man on first reaches second and streaks for third. Meanwhile, the right fielder has fielded the ball perfectly and makes an unerring peg to third base. The runner, seeing himself about to be put out, tries to return to second base and gets caught in a trap between the shortstop, covering second, and the third baseman. Back and forth goes the ball and in a few seconds the shortstop tags the runner out. Yankee Stadium? No, another sparkling play seen so often in the Warren Hot Stove League. Be sure and attend the popular Kiwanis-sponsored Hot Stove "All-Star" games to be played tomorrow, starting at two p. m., at War Memorial Field. (Rain date August 17th). Stokes Studio.

## Farnsworth & Jones Defeat Lacys 9 to 0 in Softball Game

Farnsworth's brilliant pitching and complete control of the game for Jones Chevy, defeated Lacy's 9 to 0 last evening on West Side diamond in Warren City Softball league.

Jones scored 6 runs in the first and were never in trouble thereafter. Three walks and 4 hits did the damage in the big first inning. Hoden's base clearing double was the big blow. In the 4th Jones scored 3 runs on two hits. B. Fitch's two-out single was another blow.

J. Hoden led the hitters with 3 for 5, one double, the only extra base hit of the game. Gustafson and Fitch each collected 2 hits.

Farnsworth gave up only 2 hits and walked four as he won his 2nd game of the year with no defeats.

Jones' record is now 5 wins, 1 loss for the second half. Next game is against Youngville National Bank, August 13.

## Saturday Final Day For CVCC Golfers To Qualify for Tourney

Men golfers of the country club played in a blind bogey tournament yesterday afternoon with the following results.

First flight: Bob Ritchie; second flight: Tom Atwell; third flight: Lou Wanner and Howard Boyd; fourth flight: Hans Link.

Low gross prizes were won by "Heggie" Schmidt, 35; Howard Colt and Harold Smith, 41; Norm Lundahl, 42 and Bob Voigt, 46, in their respective flights.

Tomorrow is the last day for qualifications for the annual club tournament. The 16 members of the championship flight have turned in their scores.

Monday night's Times-Mirror will carry a complete listing of the matches in all flights. The pairings will be posted at the club by 8 o'clock Saturday night for the benefit of those who want to play initial matches on Sunday. First round matches are to be completed by Sunday, August 18.

## Braves on Top of National League Heap 2½ Games Ahead

By ED WILKS  
The Associated Press

What are those other National League contenders trying to do, lure the Milwaukee Braves into a false feeling of security?

Any way you look at it, the scramble suddenly has opened up and the Braves are on top with a "whopping" 2½-game lead—their largest of the season. They made it as Cincinnati rolled over again, 5-3, yesterday and the seventh-place Chicago Cubs bopped the second-place St. Louis Cardinals 4-3 for a three-game sweep.

Third-place Brooklyn is five games back, skidding with a 12-3 clobbering from the New York Giants, Cincinnati and Philadelphia now are tied for fourth, seven games behind, after the Phillies defeated Pittsburgh 6-3 while the Redlegs lost for the 11th time in 12 games with Milwaukee this season.

If this is the breakup in the NL log jam, the Braves should know by Sunday night—after a three-game set at St. Louis.

In the American League, Washington made it two in a row over New York 6-1 and trimmed the Yankees' lead to five games as Chicago's second-place White Sox defeated Kansas City 7-4.

Baltimore regained fifth place from Detroit by defeating Boston 3-1 while the Tigers lost to Cleveland 3-1.

Red Schoendienst, the second baseman who was supposed to have brought the Braves the pennant along with his bat and glove when the Giants traded him to Milwaukee June 15, got the job done yesterday. He lined a two-run single in the eighth, breaking a 3-3 tie and bringing Lew Burdette his 10th victory.

Ex-Brave George Crowe hammered his 24th home run and Frank Robinson swatted his 18th.

in the eighth to junk a 3-1 Milwaukee lead. Reliever Raul Sanchez lost it, loading the bases with two walks and a hit batsman ahead of Schoendienst's hit.

The Cubs won six in a row for the first time since 1955 with a two-run seventh against southpaw Wilmer Mizell that cracked a two-all tie. Singles by Moe Drabowsky, the young right-hander who won his eighth, and Bobby Adams brought in the runs. Dave Hillman blanked the Cards after relieving Drabowsky when a walk and two singles gave the Cards a run in the eighth. Del Ennis had a two-run homer for St. Louis while Stan Musial had two singles and regained the bat lead at .334.

## Snead Out in Front At Chicago With a Lead of One-Stroke

By CHARLES CHAMBERLAIN

Chicago (AP)—The locker room banter at Tam O'Shanter golf club went this way today as the best 100 pros in the country prepared for the second round of the \$101,200 "World" golf championship:

"To have Sam Snead breathing down your back is bad enough. But to have the guy in front—oh, man!"

Snead, 45, is supposed to be the richest golf pro. He swung into the second round of golf's biggest treasure hunt with a one-stroke lead.

Snead fired an opening 7-under-par 65 yesterday to gain the front-running spot which over the years he has been known to maintain through a tournament. This prize is golf's biggest payoff—\$50,000 exhibition contract.

But Snead wasn't away and flying after the first round. One stroke away at 66 was Jerry Barber, always a contender in this jamboree. There also was a well-grouped following that included 32 who broke par 72.

## Mildcats and Elks To Meet Saturday At State Hospital

One of the best games of the season is on tap for the State Hospital diamond Saturday afternoon when the Warren Elks will meet their long time rivals the Ludlow Wildcats. Game time two o'clock.

Manager Dix Hines says the Elks are in tip top shape for this all-important engagement and is anticipating some hot competition. It is expected that Freddie Gray, former Elks moundsman, will work for the Wildcats. Hines was undecided this morning as to who would take the hill for the locals.

The game should be over in plenty of time for fans who desire to get back down to War Memorial Field and see a large portion of the All-Star program scheduled for that place from two until 8:30.

**EXHIBITION GAME**  
In an exhibition game Wednesday on Jackson, Celoron, New York, bowed to its Pennsylvania host, Warren Stars. Peterson, a double and a triple with Arnold and Terry, Battery, Hand, winning pitcher. Adams and Hyde composed battery for Celoron.

## First Round Scores of State Pros At Chicago

Chicago (AP)—Here are the first round scores of Pennsylvania pros in the \$101,200 "world championship" of golf at Tam O'Shanter: Mike Souchak, Berwick, Pa., 35-68.  
Arnold Palmer, Latrobe, Pa., 34-68-70.  
Art Wall Jr., Pocono Manor, Pa., 35-66-71.  
Lew Worsham, Oakmont, Pa., 35-66-71.  
Charles Sifford, Philadelphia, 36-39-73.  
Arthur Doering, Pittsburgh, 40-38-78.

## Cleveland Righthander Wins Fourth Straight

Detroit (AP)—Righthander Ray Narleski, act of the Cleveland bullpen until he became a regular starter, beat the Detroit Tigers 3-1 yesterday on six hits for his fourth straight victory.  
Narleski's battery mate, Hal Naragon, drove in the deciding run with an eight-inning single. Vic Wertz accounted for the Indians' other runs with a sacrifice fly in the first and a homer in the ninth—his 19th of the campaign.

It was Narleski's ninth victory against one defeat. He struck out six and walked three. Duke Maas was the loser. Reno Bertoia homered in the fifth for the Tigers' lone run.

**KNEE HIGH**—Backs Dick James, Dale Atkeson and Eddie LeBaron, left to right, had knee operations during the off-season, but assure Coach Joe Kuharich of the Washington Redskins that they're perfectly sound now and ready to go.

## Gaughns Take Bank and Trust in First Of Bantam Playoffs

Gaughn's Drug defeated Warren Bank and Trust 5-2 in their first play-off game last evening at North Warren in the Bantam division. Holcomb belted a homer for Gaughn's, with Scalise, winning pitcher, and Greco composing battery. Rodgers hit a homer for Warren Bank and Trust, Loomis and Mintzer, battery. Second play-off of this series will be played Wednesday, August 14 at Jackson Field starting at 6 p. m. sharp. Holcomb's hitting and Scalise's clutch pitching won the game for Gaughn's.

## Baseball Game At Ponca City Ends in Shooting

Ponca City, Okla. (AP)—J. C. Dunn, manager of the Ardmore Cardinals of the Sooner State Baseball League, was shot twice by a Negro hotel porter during a game last night, police said. James Johnson, about 32, was taken into custody by a patrolman at the ball park.

Police said the Ardmore team had an argument earlier with the porter. Physicians said Dunn's condition was not critical. They said one bullet bounced off a rib and the other was imbedded in his right thigh.

Tom Anderson, trainer for the Ardmore club, said he saw Johnson start shooting into a group of Ardmore players near the dugout with a pistol. The game was called off after the shooting.

## Phillies Finally Solve Law For 6 to 3 Victory

Pittsburgh (AP)—Pitcher Vernon Law of the Pittsburgh Pirates went to the well once too often against the Philadelphia Phillies—and he found it dry.  
The Phillies shelled Law, for nine hits in 5-2-3 innings yesterday and went on to win 6-3, ending Law's seven-game winning streak over them. Law hadn't been beaten by the Philadelphians since June 30, 1954.

Except for the Pirates' odd quirk of frequently raising a ruckus in the ninth inning, showpaw Curt Simmons of the Phils would have had his second shutout of the year.  
The crafty lefthander had scattered six hits over the first eight frames but he sagged badly in the ninth.

Dick Groat singled to open the inning and came across on Bob Skinner's eighth homer. Frank Thomas followed with a double but Simmons got Gene Freese on an outfield fly. When Bill Maserowski singled Thomas home Simmons was yanked in favor of Bob Miller who retired the next two men.

Skinner's homer into the right field stands was the first hit into the sector by a Pirate since Dee Fondy turned the trick last May 12.

## Wynn Recovers From the Gout and Is Ready to Go

Cleveland (AP)—Pitcher Early Wynn of the Cleveland Indians will start tonight's game against the Kansas City Athletics after missing his regular pitching assignment because of an attack of the gout.

The big righthander was scheduled to pitch against Detroit Wednesday but inflammation in the joints of his right hand was so severe he could not grip the ball. He said he was feeling better yesterday and was ready to pitch.

## VDW Teener Baseball Tournament At Chester

Chester (AP)—Tyronne faced Mechanicsburg and the Susquehanna-York squad in the semi-final round of the annual VFW's Teener Baseball Tournament.

Tyronne's John Stroup and Robert Nassif powered their team to a 13-6 win over Carriok yesterday in the first round. Stroup hurled a four hitter and slammed a bases-empty homer, while Nassif drove in five tallies.

Susquehanna-York advanced on a 16-5 victory over DuBois on six-hit pitching by Martin Knaub and Larry Wallace's three hits, including one home run.

Mechanicsburg knocked off Lancaster 7-6, Richard Brandt's homer providing the winning margin. Uniontown romped over the host Chester squad 13-1 behind two-hit pitching by James D'Andrea.

## Hart Established 7-5 Favorite Over Akins

Cleveland (AP)—Although third-ranked Virgil Akins is six notches above Sugar Hart in the most recent Ring Magazine welterweight ratings, Hart has been established as a 7-5 favorite for their televised bout tonight in Cleveland's Public Hall.

Matchmaker Larry Atkins thinks the odds are going against the experts because of Hart's frequent and impressive TV battles. Tonight's 10-round bout will be on NBC radio-TV at 9 p. m., EST.

Both Hart and Akins are hoping a victory tonight will put them in the scramble for Carmen Basilio vacates the title next month with a victory over middleweight champion Sugar Ray Robinson.

The 20-year-old Akins, from St. Louis, has won 42 of 59 professional bouts, 23 of them by knockouts.

Pittsburgh (AP) — Undeclared South Hills of Pittsburgh rested today while three once-beaten teams battled for the one remaining berth in the 5th Prep League World Series at nearby Munhall. South Hills last night gained the finals with its third straight victory, 3-0, over Charleston, W. Va., behind the one-hit pitching of Dick Geiss. Butler, Pa., rallied for four runs in the sixth inning to defeat Massillon, Ohio, 4-3. The defeat knocked Massillon out of the double elimination tourney.

## FIGHTERS AT JEANNETTE

Jeannette (AP) — Middleweight Johnny Morris of Pittsburgh lost his first pro fight in eight starts last night, dropping a unanimous eight-round decision to Bobby Gordon of Akron, Ohio. Gordon weighed 166½; Morris 163. A crowd of 1,205 paid a net of \$2,508 to watch the five-card bout at McKee Stadium.

## ★ GRAYSON'S SCOREBOARD ★

### Lesson for Today: The Three R's of Going Broke

BY HARRY GRAYSON  
NEA Sports Editor

**NEW YORK (NEA)**—Prof. Geoffrey Ford listed the first problem on the board, stepped to the microphone and began the day's lecture.  
Professor Ford wore glasses, a neat blue suit, quiet tie and had wavy gray hair. His quiet classroom voice and movements were perfect for, say, conducting a philosophy course at Princeton.

"Now, gentlemen, we start with the time element," he said. "We throw out all horses that have not raced in the last 15 days."

The students began calling them out and Ford's "School for Horse Racing Fans" was hard at work on the first race at Belmont Park.

For four months, Ford has been running a weekly session on how to play horses. At first, you were inclined to take his endeavor as typical of the lunacy which surrounds bettors. But Ford, no fly-by-nighter, kept plugging along and now, at \$3 a head, he draws as many as 125 to his Saturday morning classes in a midtown New York hotel banquet room.

**THE PROFESSOR** is here to stay. And one of his students, a guy in a sports shirt who was grimly marking up a scratch sheet, believed in him.

"Een here every week," he whispered. "I'm doing good. This man has helped me a lot. Put your mind on what he says, you'll see."

"Last year," the teacher pointed out, "321 million dollars was bet at New York tracks. Half of that money was thrown down the drain without careful evaluation of the percentages."

"See what I mean," the guy said. "People throw away half their money."

"What about the other half?"  
The guy put on a sour face and twisted to see the blackboard better.

**THE PROFESSOR** ADVANCED the lesson to include a theory that no bet should be placed if the jockey is not included in the top 10 riders at the track.

With Ford, there are no wild claims, no deep hints of inside information. Instead, he gives you "facts."

"One half of all races in America," he announced, "are won by the top two horses in the race. We can figure it down to the top two. Now, give me the right one," he beamed, "and I'm cashing half my tickets."

"See," the student rasped, "we got this thing narrowed down. We don't just throw money away."

He made a couple of notations on a slip of paper, excused himself from the class, hustled to the lobby, jammed into a telephone booth.

"I'm not calling a bookmaker," he sneered. "I'm just giving the late scratches to my handicapper. I got one of them, too. I take no chances."

**INSIDE, PROFESSOR FORD'S** talk—he had been going for an hour now—was starting to sound strangely familiar.

"If you can come out of the first race ahead," he said, "you're on your way. You've got to grind it out in this business."

Professor Ford went through a little review, tapping on a visual aid—a table of racing percentages—wished everybody "good luck" and left.

The guy in the sports shirt took the train to the track. He got the 5:45 train back to New York, buried his head in his program.

"What do you think I'm doing?" he snapped. "I'm reviewing my mistakes."

The Pittsburgh Pirates have good reason to believe that the shortage of lefthanded pitching that has plagued them this season will soon be remedied. The Bucs have a bumper crop of young southpaws in their farm system from which quick help should come to the parent club. Included among the more outstanding southpaw farmhands are: AT LINCOLN in the Western League 22-year-old Joe Gibbon, an All American basketball player from the University of Mississippi now in his rookie season, who came to the Pirates' organization as a first-baseman-pitcher - outfielder. As a pitcher, he has a 4-1 record with 42 strikeouts in 40 innings, only 14 walks and a 2.03 ERA. At SAN JOSE in the California League, 20-year-old Bill Dial, who just pitched 40 consecutive scoreless innings and completed his fourth consecutive shutout for two new

Sylvania First Half Net For Present Year Reported Down

Sylvania Electric Products, Inc., reported net income for the second quarter and the first half of the year fell sharply from like 1956 periods, The Wall Street Journal reports.

Second-quarter profit dipped to \$1,718,726, equal to 46 cents a common share, from \$3,127,005, or 96 cents a share, in the year-earlier period, the Journal said.

Net sales for the second quarter, the company said, fell slightly to \$74,970,858 from \$75,952,904 a year earlier. First half sales, however, reached a record for the period, amounting to \$162,520,532, up slightly from the \$162,360,354 a year earlier.

Sales and earnings for the three and six-month periods of last year are adjusted to reflect the combination of Argus Cameras with Sylvania, Argus, previously an independent company, became a division of Sylvania last Jan. 2.

Don G. Mitchell, chairman and president, said there was a "marked improvement" in earnings as the second quarter progressed. June net, he said, exceeded the combined previous two months, reflecting a "decided upturn in the television industry."

Mr. Mitchell blamed the decline in earnings in the second quarter and first six months from year-earlier periods on lower volume "in some of our more profitable products." Other factors, he said, were "unusually strong price competition," as well as "the high costs of changing over to full production and distribution of the new 110-degree TV sets and picture tubes," plus "stepped-up research, development, and mechanization in certain rapidly developing lines."

In the report to shareholders, Mr. Mitchell said first half sales were affected adversely by an inventory adjustment in the TV industry which prevailed during most of that period. Operations this past June, though, showed that an improvement was under way, he added.

As for the second half of the year, the outlook for sales and earnings "is very encouraging," he said, as a result of the "resumption of large scale production in the TV set industry."

The Sylvania chief executive said output and factory unit sales of TV sets in the first half of the year "were far ahead of the 1956 comparable period." Total sales in the lighting product lines held up well during the first half, he added.

In the photoflash lamp field, Sylvania's volume in the first six months was slightly below a year ago, because of unusually heavy sales in the latter part of 1956, according to Mr. Mitchell. He added this inventory situation has now been corrected, and a strong second half is expected.

**MAMIE'S DOCTOR**—Col. Humbert L. Riva, above, gynecologist in the Army Medical Corps, operated on Mamie Eisenhower in Walter Reed Army Hospital for a "benign condition." It was understood that the operation on the 60-year-old first lady was similar to those many women undergo as they pass middle age. Presidential Press Secretary James C. Hagerly said it involved "nothing serious" and was "not an emergency."

Warren County on Tour of New State V.F.W. Commander

Harrisburg—Making a whirlwind tour in the interest of national security, state civil defense, patriotism and resurgence of religious beliefs, William J.
